Next week we are having our annual board meeting for VOG III. All board meetings are important and should be participated in by the owners. The meeting on the 18th of November is the end of the year meeting. We will elect new officers to run through 2027. I'm asking all owners to please consider attending the meeting at 5:00 at the clubhouse. Your participation in **YOUR** community is important, and your voice needs to be heard. There are 151 units in our community and on average we get 20-25 people to attend the meeting. (Some are husband and wife so only representing one condo) That's only 16% of the ownership.

At this meeting we will approve next year's budget.

Elect new officers

Talk about issues we are having with water management

Meeting with Millennium

Meeting with Ameri-Tech

And other items

Please set time aside to join the meeting.

Your Board of Directors
